TECHNICAL PROJECTS

FormMotion – http://www.form-motion.com/ – 2021
• *Grace Hopper team project. Draw your own character, then traverse a game world of your own design! Built the majority of the game environment and implemented the mechanism to rotate and merge individual canvases into playable avatar.*
• Using Base64 Data with Phaser 3 –written to fill gap in tutorials on base64 and Phaser 3 interaction
• JavaScript, React, Phaser, Atrament.js, Heroku, MaterialUI

AstraTempest - github.com/caitlin-rich/astratempest - 2021
• *A space weather app that tells you recent astronomical events, upcoming moon phases, and the location of the ISS, all while playing a customizable space audio soundscape.*
• React Native, React Native Paper, JavaScript, Expo AV, API Requests

Pooka – caitlin-rich.github.io/pooka/ – 2021
• *Vintage-style RPG where you are a dog exploring your city at night, looking for treats. Don't forget to look for the secret basement level! (Demo)*
• JavaScript, Phaser

Plumeria – plumeria.herokuapp.com – 2021
• *E-commerce website; Grace Hopper team project. Implemented persistent cart for guest user, rendered logged-in user cart and added CRUD functionality via Redux store and Express, used MaterialUI for formatting, worked as a team on other functionality. Updates pending.*
• JavaScript, MaterialUI, Node.js, Express, Sequelize, PostgreSQL, React, Redux, Heroku

Astris Ipsum - caitlin-rich.github.io/astris_ipsum/ – 2021
• *Star Trek themed lorem ipsum generator; choice of four different language themes.*
• JavaScript, HTML, CSS

HOBBIES/INTERESTS

• Knitting, drawing, sewing, reading, baking, gaming, and traveling. Always looking for new ones to add to the list!
• Former roller derby player, currently training for a 10k.
• Dog parent to a sweet and lovable black lab puppy.
